

Cheadle Hulme School

Cheadle Hulme School

We have been using the KAZ programme since the start of 2019 and it has made a huge difference to those pupils (both in the Junior and Senior School) who have enrolled on the course and become competent touch typists.

These recognised qualifications will improve and broaden their prospects for the future, better preparing them for the demands of a digital world.

I fully support these qualifications.

Sarah Lloyd-Davies
